

Juiced TV User Guides

How to Download the Juiced App?

The Juiced App is specifically designed to cater for young people and as such has been designed to be available only on Tablets (iPads or Android Tablet devices).

- 1 Use your tablet device to scan the QR code below, this will direct you to the app store listing for The Juiced App.

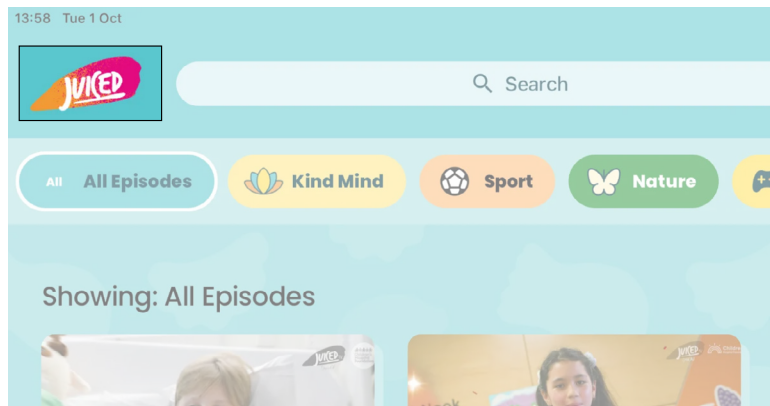

- 2 You can also search for "The Juiced App" in the App Store (if you have an Apple iPad) OR the Play Store (if you have an Android tablet) and download it from here.
- 3 Once the app has been downloaded, you will be prompted to create a profile, follow this process to enjoy your very own Juiced experience!

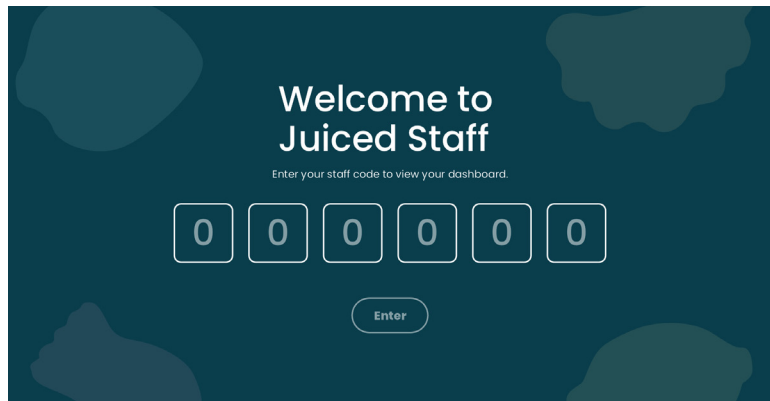

How to Login: Healthcare Staff

If you are part of an eligible HHS department, you would have your very own health hub access within the Juiced App to cater to the kids in your department.

- 1 To access the Health Hub, tap the Juiced Icon on the top left side of the Home Screen 5 times and a password popup will appear on the screen.

- 2 Enter the provided password and you will have access to the health literacy videos, public playlists and also have the ability to curate your own playlists.

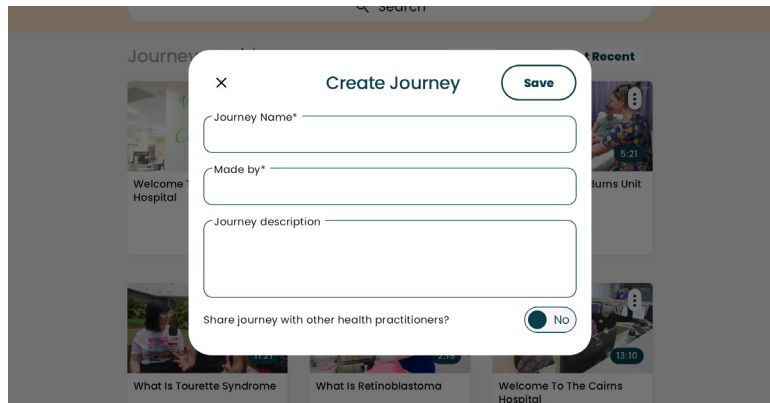

- 3 Note: The First time you login to the Health Hub on an iPad you are required to provide some additional information to personalise the content shared with you.

How To Create & Share a Journey (Playlist)?

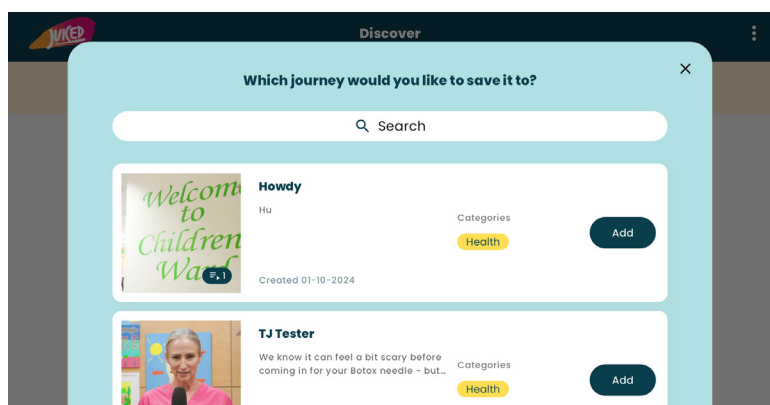

Once you are in the Health Hub, you can create your own journeys by using the videos available on the platform. This allows Healthcare staff to curate tailored playlists for their departments, areas or even specific kids.

- 1 Search through the existing video library to find a video you would like to add to the journey.
- 2 Then use the menu button (three dots on thumbnail) to add this to an existing journey or Create a new journey with that video.
- 3 If you are Creating a new journey, you would be required to provide some additional information, this information is visible to the kids so make sure this is fun!

The screenshot shows a 'Create Journey' modal form. It includes a close button (X), a 'Save' button, and three input fields: 'Journey Name*', 'Made by*', and 'Journey description'. At the bottom, there is a toggle switch for 'Share journey with other health practitioners?' set to 'No'. The background shows a grid of video thumbnails with titles like 'Welcome Hospital', 'What is Tourette Syndrome', 'What is Retinoblastoma', and 'Welcome To The Cairns Hospital'.

- 4 Once completed the journey will be available in your library if it is private (not shared with others) or in the general library if you made it a public journey.

How To Create & Share a Journey (Playlist)?

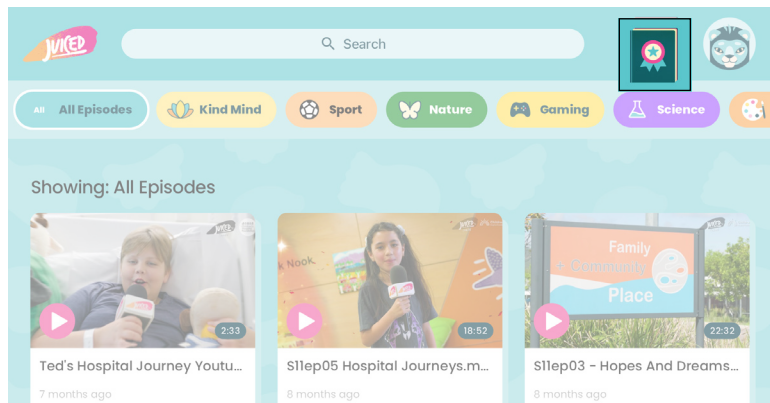

Once you are in the Health Hub, you can create your own journeys by using the videos available on the platform. This allows Healthcare staff to curate tailored playlists for their departments, areas or even specific kids.

- 5 You can now navigate to the journey and use the “Share” button to generate a code which allows kids to view this journey on their own device!
- 6 To exit out of the Health Hub portal, tap the menu button on the top right side of the screen → exit portal

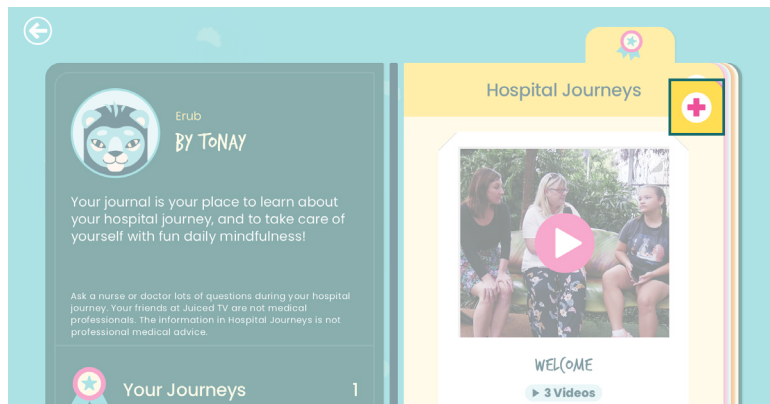

How To Receive a Journey: Kid Side

If you are in the Juiced App (not in the Health Hub Portal) you can now receive journeys that have been curated for you!

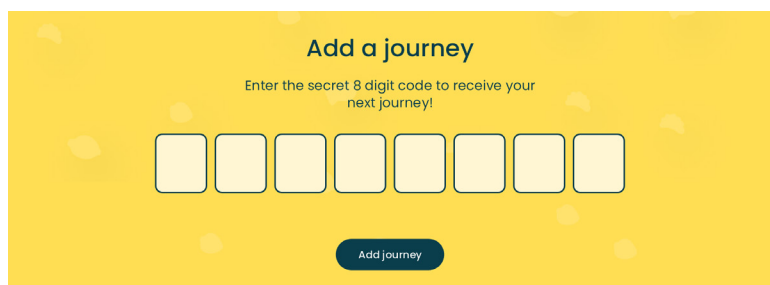

- 1 From your home screen, tap on the journal icon on the top right side of your screen.

- 2 Tap on the plus icon on the top right of your journal.

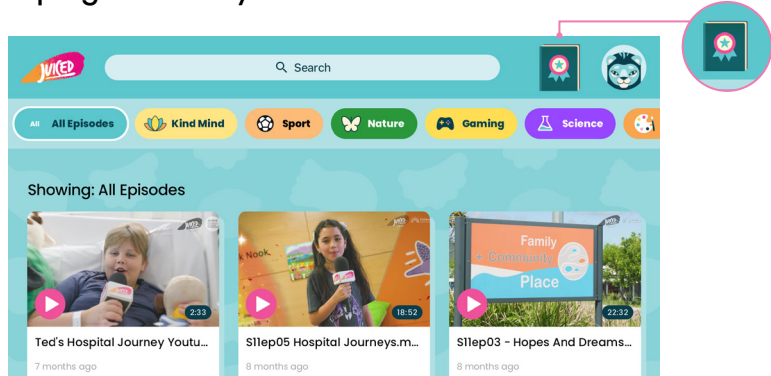

- 3 In the popup, enter the code shared by your health practitioner.
